- ⑦ Demo

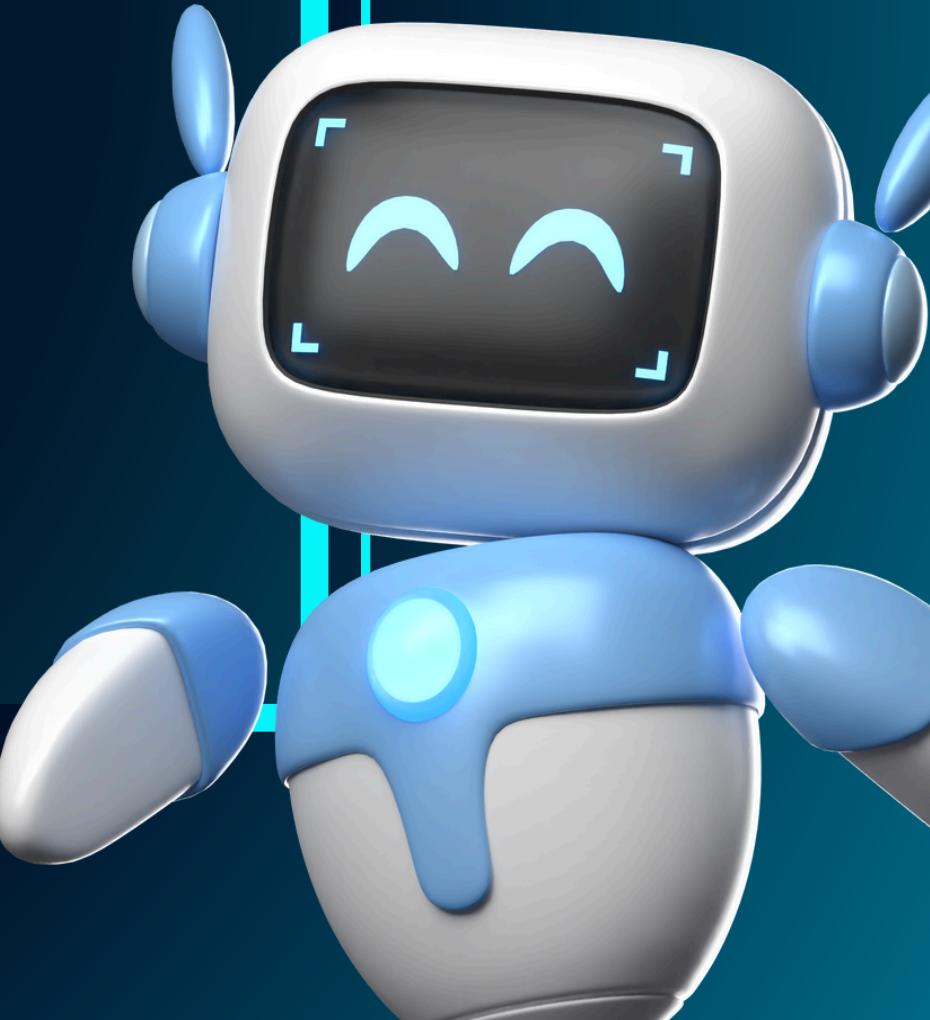

AIM

When life gets messy, our quack-tastic chatbot is here for Ducks—a 24/7 buddy to listen, support, and foster a calm campus environment

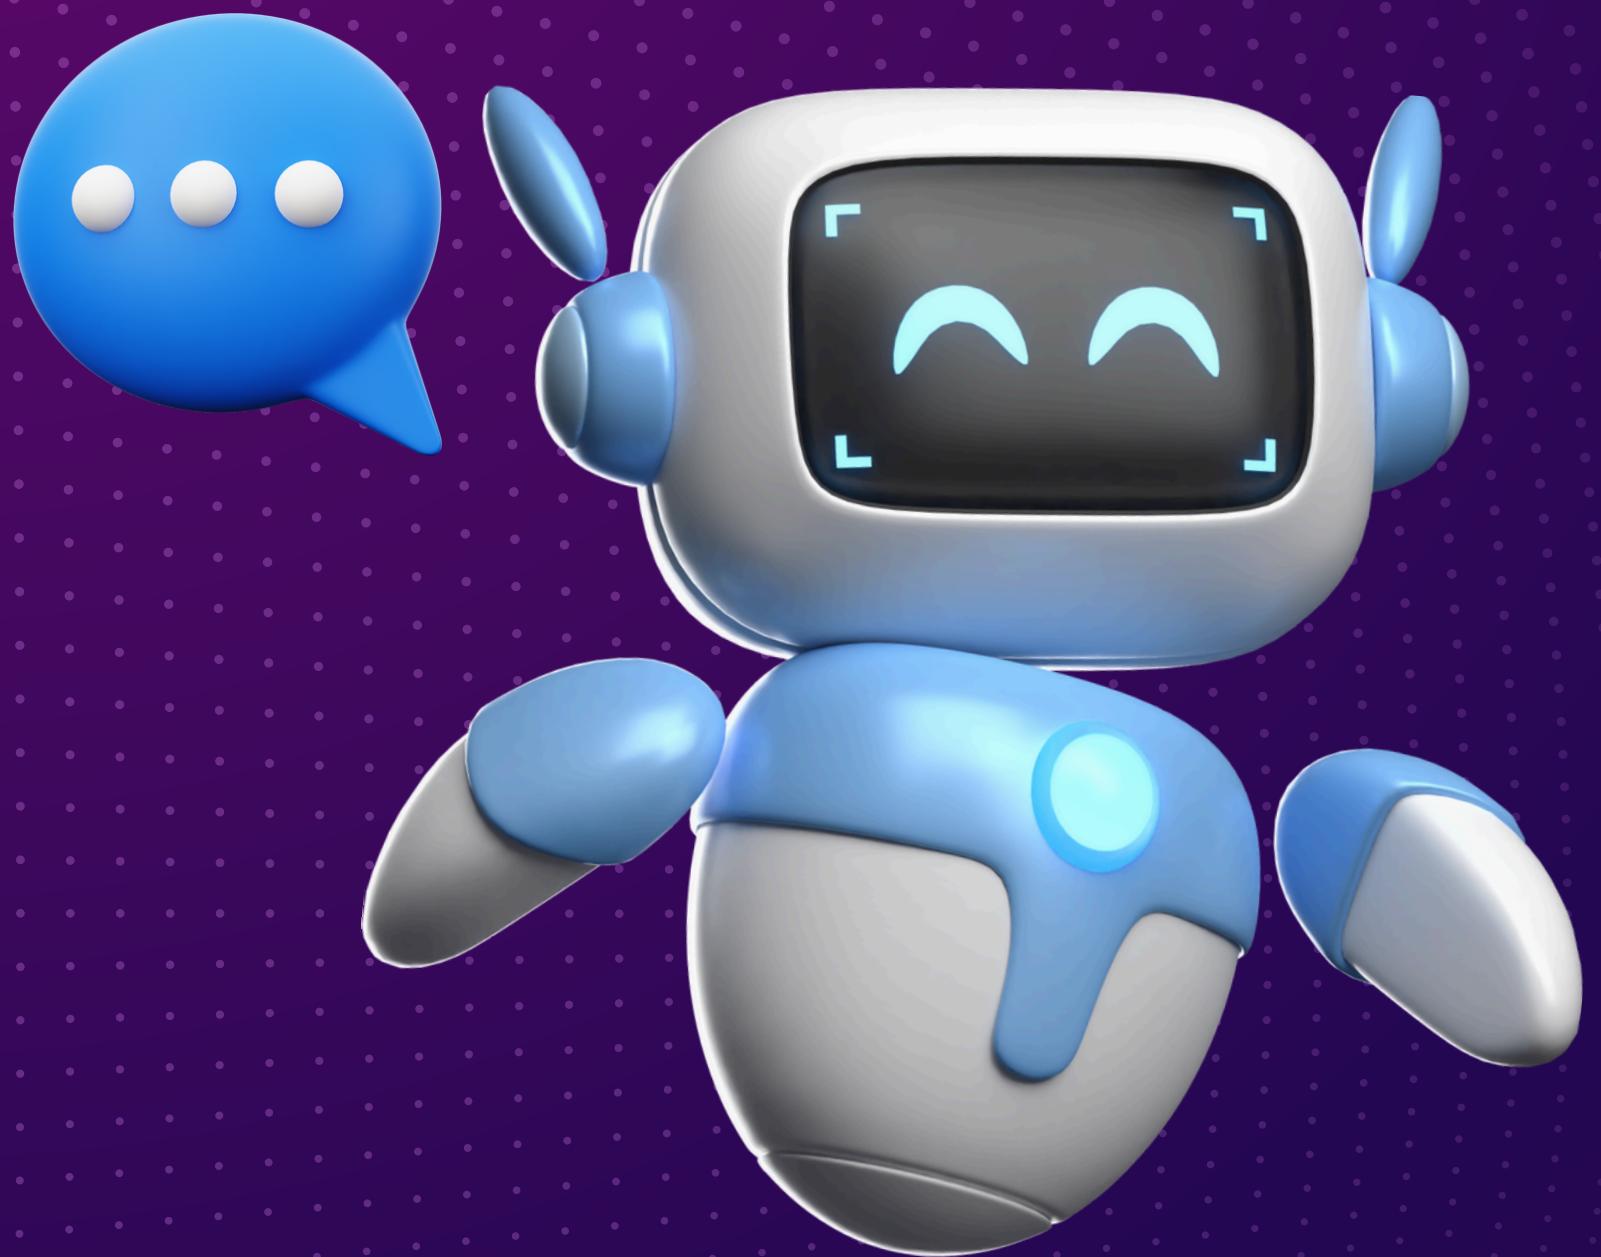

PROBLEM STATEMENT

College students frequently experience elevated stress, anxiety, and emotional exhaustion stemming from academic demands, social dynamics, and personal circumstances. Although campus support services exist, factors such as stigma and limited awareness often deter students from seeking assistance. Consequently, there remains a significant gap in providing timely emotional support and effectively addressing mental health concerns among students.

2

OBJECTIVES

BRIDGE THE GAP TO PROFESSIONAL CARE

PROVIDES ACCESSIBLE AND 24/7 MENTAL SUPPORT

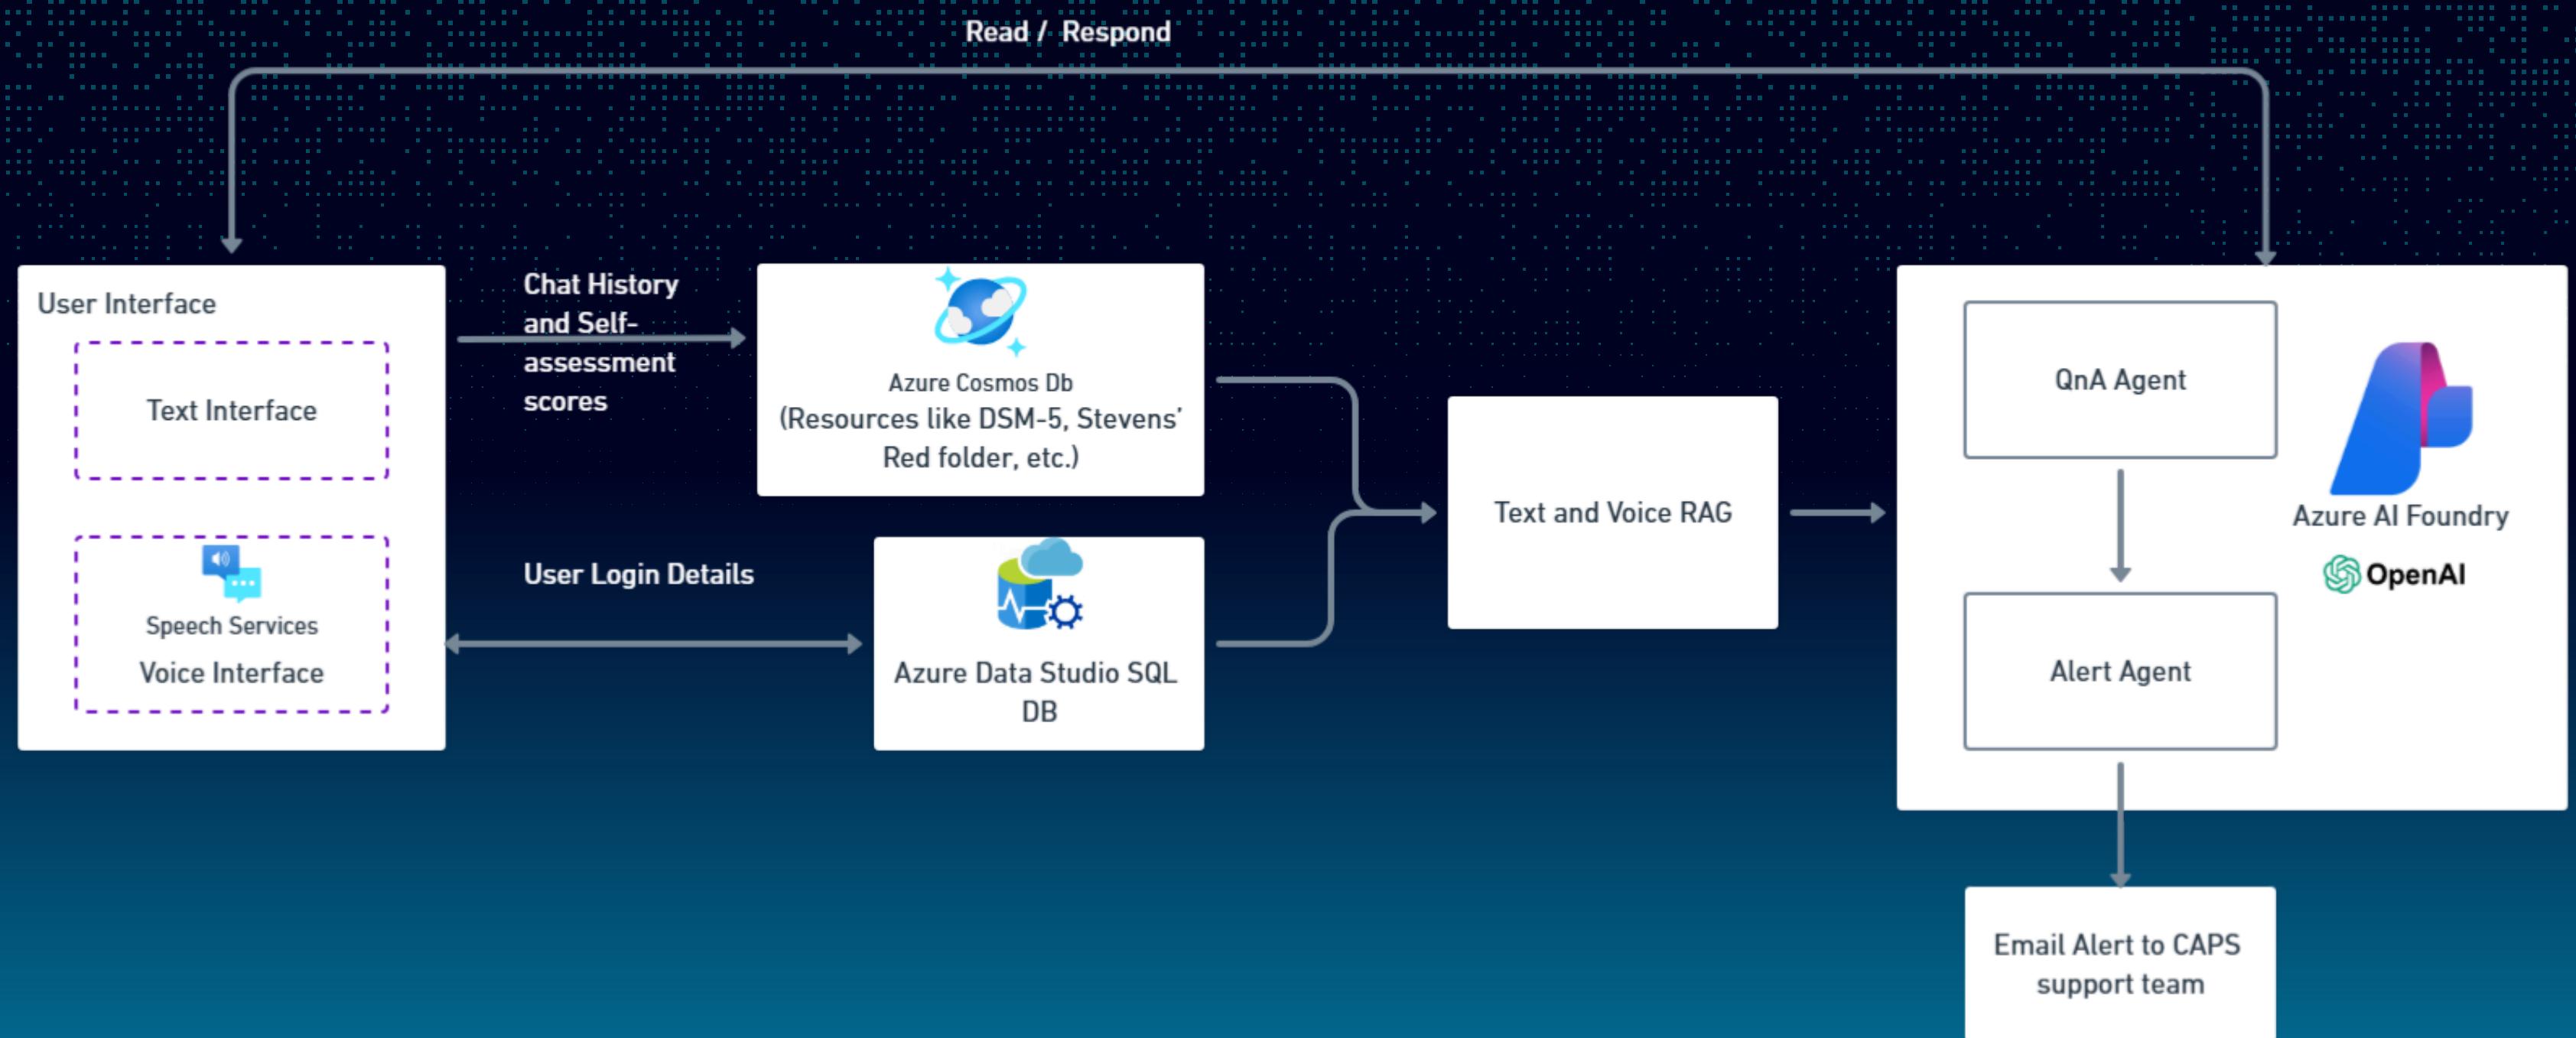

CONNECT STUDENTS TO MENTAL HEALTH RESOURCES

MAKE HELP EASY, QUICK, AND STIGMA-FREE

PROMOTE MENTAL WELLNESS ON CAMPUS

4
